

Round Rock Christian Academy Chromebook Policies and Procedures

Device Purpose

Round Rock Christian Academy is providing students in 9-12th grades with a Chromebook. In addition, Middle School students will have access to 2 classroom sets of Chromebooks, and Elementary students will use Chromebooks within their homerooms. The purpose of this program is to create a collaborative learning environment for our students. The Chromebook allows student access to Google Apps for Education, educational web-based tools, as well as many other useful sites. The supplied device is an educational tool and not intended for social networking or gaming.

Issuing Chromebooks to High School Students

Chromebooks will be distributed within the first few weeks of school to high school students on a roll out schedule. Parents and students are required to read and sign the Chromebook Agreement, purchase the annual insurance and protective case before the Chromebook can be issued to their child. The Chromebook Policy outlines the procedures and policies for student use to protect the Chromebook investment for Round Rock Christian Academy.

Returning Issued Chromebooks

Chromebooks may be collected at the end of each school year and students will be reissued the same Chromebook every year while they are enrolled at RRCA. Students leaving Round Rock Christian Academy must return the school owned Chromebook. Any Chromebook not returned will be considered stolen property and law enforcement agencies will be notified. Students who lose a school issued Chromebook will be required to pay \$300 for its replacement and a \$26 relicensing fee to connect the Chromebook to the school's google network. Chromebooks will be examined for damage and fees may be issued if damage is found to be beyond normal wear and tear.
