

RenWeb and ParentsWeb

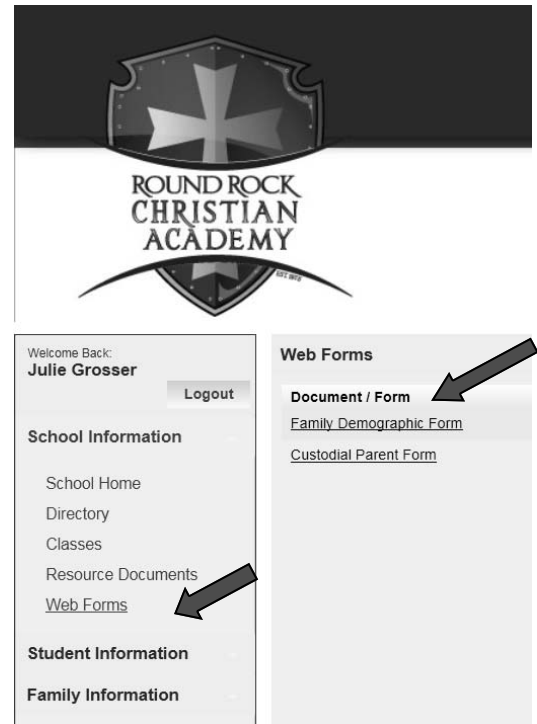

Updating Demographic, Medical, Emergency Contact, and Parent Alert Preferences

Parents can log into their ParentsWeb account and update family demographic information, emails, cell and phone number information, address changes, and other parent preferences. The Family Demographic Form should also be used to update Medical Information and Emergency Contact Information. **Be sure to click Save when viewing and/or changing each webform you open.**

Parent Alert: To change your settings or OPT OUT of receiving Parent Alert messages, Click on **Web forms** and **Family Demographic Form**. You can then choose which phone number(s) you wish to be able to receive alerts, or you may choose to opt out of receiving alerts.

In addition, on the **Family Demographic Form**, you can also choose what demographic information you may or may not want printed in the online RRCA family directory.

Auto Email Progress Reports: RRCA will automatically send progress reports via email every 3 weeks for 6th-12th grade students and at the 4th week of the quarter for elementary students. If you wish to receive an automated progress report more frequently, you may choose this option.
